

KCC Group are pleased to introduce a CPD seminar on

Sky-Frame: An Overview

for Architects and Designers

Sky-Frame are Swiss-made frameless sliding windows which allow for a flush transition between indoors and outdoors, an unbounded spatial experience with spectacular vistas. This seminar provides an overview of the technical aspects and advantages of Sky-Frame's frameless glazing.

The seminar is approximately 45 minutes in duration and is held in your offices for convenience. KCC will also happily provide lunch for all attendees.

Attendees can expect to learn about

- Sky-Frame system technology, eg. Sky-Frame 1, 2 and 3
- Sky-Frame Arc & Slope systems
- Sky-Frame features
- Opening function - automated or manual, corner or middle
- Project references from across the globe

For more information or to book a seminar, please contact us on the details below.
